

## Director's Message

*NIMT is Accredited by UKAS(United kingdom Accreditation service)*

*The United kingdom Accreditation service is the sole National Accreditation body recognised by Government to Assess ,Against Internationally Agreed Standards, Organization that provide certification ,testing, Inspection and Calibration service.*

*In this fact changing world where boundaries have shrunk and where we talk about "global citizen" ,NIMT had taken the first step five years ago to go out and look for quality education at global level and bring the same back to indian students here in India to give them internationally recognized credentials.Technology is a major source of opportunities and threats for companies faced with the globalization of their markets.*

*Integrate and anticipate its development represents a crucial element in their expansion .Tarn disciplinary research is important to the NIMT.*

*It focuses on innovation ,entrepreneurship,high tech,marketing, technology ,finance and related industries.Thus,Management of Technology becomes,for engineers and scientists,a new competence and real advantage in the job market.*

*NIMT has adopted a unique modal of education that is student centric and has programs. The degrees and the diplomas are globally recognized and fully accredited in their respective countries. The benefits to students is taht they can have the good education at NIMT*

*at a very low cost.it is my pleasure to welcome you to NIMT at a very low cost. It is my pleasure to welcome yo to NIMT and invite you to embark on a lifetime partnership with your institute.*

### OUR GOALIS:- SINCE 2004

- ❖ *TO provide a nurturing and trusting environment to learn and grow.*
- ❖ *To ensure that the youth get adequate opportunities to identify and develop their skills.*
- ❖ *To prepare the individual for employment and advancement in their chosen career.*
- ❖ *To mould individual into integrated personalities who are intellectually competent,spiritually mature,physically strong and socially senctive.*
- ❖ *To develop a lifelong desire in individuals to learn and create a positive change in the society and contribute to the economic development of the nation.*

*Mr. Ashwini Kumar  
MBA(FInance)  
Director*

## INTRODUCTION

## MISSION

"Our mission is to impart vibrant, innovative and global education and to be the most preferred choice of students, faculty and industry and to make NIMT the world leader in terms of excellence in education by reaching within top 10 in every sphere of management education".

## Recognition & Accreditations

- Norton Institute Of Management & Technology is an Institute of excellence established in the year 2004.
- NIMT is an ISO 9001:2008 certified distance learning institute. This certification is awarded by United Kingdom Accreditation Services (UKAS) through Moody.
- The Extensive and rapid growth of the Organization in the last 5 glorious years bestowed with remarkable recognition not only in the National Level, as well as in the International market in more 140 countries.

## CAREER OPPORTUNITIES

### The Management Programs Offered by NIMT has very High Utility Value for :-

Fresh graduates who wish to seek an entry into the industry but cannot afford full time management programs due to financial or any other constraints.

Those who are already employed in an industry without any management qualification, but wish to acquire a widely recognized management qualification to further their career.

Those who are already working in the industry and want to have additional qualifications for the role rotation or for a better and upward rise in the industry.

Those who are already working with the industry but aspire to move into a managerial cadre. Personnel from the Armed Forces who want to rehabilitate themselves after retirement in the managerial or supervisory positions.

Those aspiring to join as Management Trainee, Manager, Sales Executive, Area Business Manager, Customer Brokers, Import-Export Agents, Wholesalers, Product Manager, C&F agent of reputed Export House/Pharmaceutical Companies or start one's own Export business.

### OBJECTIVES....

To provide education programs to a student population that includes working adults, domestic and international students.

To provide programs that meet educational needs identified by industry, government and other institutions of higher education in communities served by the institute.

Enhance the career of students in Business and Management sectors.

Short duration programs in various faculties which enable the candidates/students to acquire value based and world-class Management qualifications while working.

Promoting and developing distance education in India.

Provide opportunity to the students who have left their education due to some unavoidable reasons and now wants to continue with their career progression.

Reach those who either live in or are posted in far flung areas of India and have no regular educational facilities.

To provide an international educational environment through implementation of global oriented curriculum.

To provide Domestic and international students with an education that blends practical experience with a strong theoretical framework.

CAREER OPPORTUNITIES

## MORE OPTIONS, GREATER SUPPORT

### Flexibility

- ★ Self study programmed with extensive study materials (Print CD. and Web based) written and edited for distance learning students
- ★ Diploma certificate into management computer application and engineering can be completed in short duration of time and as fast track
- ★ How much time will you need?
- ★ It is difficult to give a precise figure on the number of hours you will need to study as individually it will certainly depend on how quickly you wish to complete.

### Choice

- ★ A wide range of courses you choose your course options and plan your work and home commitments
- ★ More than 100 specializations are available globally
- ★ If you wish you can pay into part payments, or pay the total fees up-front

### Advantages

- ★ Is pioneer in providing correspondence management courses in India
- ★ Gives you a way to succeed in life through fast track correspondence courses
- ★ Has a wide range of courses for students from diverse backgrounds
- ★ Helps people to upgrade skills with out disturbing their current progression
- ★ Has a liberal and modular exam pattern which allows student to write the best possible answers by harnessing their talent to the maximum
- ★ Gives a liberty to the students to complete their courses in a flexible time duration theoretical knowledge of the subject
- ★ Course material is self explanatory and easy to understand
- ★ Has immaculate record of 100% placement assistance

MORE OPTIONS, GREATER SUPPORT

## MORE OPTIONS, GREATER SUPPORT

### **Support**

★ NIMT extends a warm hand to the students by giving them all the support them throughout their journey. we are open to counsel respective students who have the zeal to learn and solve high in their professional lives

★ NIMT extends end to end support to its student's right from pre-admission to post completion of course

### **Course Material**

★ The course material is self explanatory and easy to understand. They provide the students proper knowledge of the subject with sufficient examples and case studies the customized course material is reviewed after every 6 month

MORE OPTIONS, GREATER SUPPORT

## Corporate Benefits

- \* Reduce the attrition Rate
- \* More Skilled Employees in your Company
- \* Person can continue studies with their work
- \* Personal Development of Employees
- \* Howard University Concept (open Book Examination)
- \* Campus Recruitments of NIMT Students in respective Corporate

- Course once selected cannot be changed. You can change the course only on the day of admission till the working hours.
- Fees have to be paid full. Fees once paid will not be refunded under any circumstances.

## FAQ

### Q. 1) How can you give MBA in 6 Months?

Ans. The program is for 2 years, however we give this facility to our students wherein they can finish the program any time between 6 months and 2-years. Generally if you pursue MBA from some other institute and even if you finish your studies in 13 months you can give your exam only after 24 months. In our case if you finish your studies in 13 months, you can give your exams and get your certifications done, thus saving your own 11 months. The duration of the program completely depends on the student caliber.

### Q. 2) Will the companies accept 6 months MBA?

Ans. Sir, first of all your certificate will not indicate that you have finished your program in 6 months or 8 months. It just indicates the date you have finished your program. Secondly for past 5 years, we have been giving this fast track MBA and you can see the list of companies where our students are placed. So the Companies do accept and acknowledge this MBA.

### Q. 3) How can you give MBA in 5 Subjects?

Ans. Sir since you already have an experience of “n” years with you, we acknowledge the fact that you already have the basic knowledge of Management through your practical life and you don't need to go through the basics again. So we have handpicked all the necessary subjects which are absolutely required for a program to be called an MBA and we have specially designed this tailor made course for you.

### Q. 4) Is your institute approved by AICTE &/or UGC?

Ans. 1. Sir we have not taken the AICTE approval. There are several reasons behind that. First of all they have certain norms like to run an institute you should have 5 acres of land in an urban area or 25 acres in a non urban area.

2. Also your classroom size should be this much and you should have a bank balance of 2 crores. Since we are running a distance learning programs what will we do with this much of land.

3. Secondly if we take their approval we will lose out on a lot of our strong points. We will not be able to provide you with fast track education as the duration would be decided by AICTE.

4. In such a case we won't be able to give 100% placement guarantee to our regular MBA students which is one of our strongest points.

5. As far as UGC is concerned, they give grants to a university and we are not a university.

### Q. 5) What is the ranking of your Institute in India?

Ans. 1. In distance learning mode, we are definitely in top 10, as rated by various business magazines like Business barons, Business Management Chronicle, Google. com etc.

2. In regular mode, the rankings are based on the placement of the students. And since our first batch is going on, we will get to know the ranking only after we finish our first batch

3. Most of our students have already got offers to the tune of Rs.3 lac to 3.5 lacs.

## **Q. 6) Why should I go for your Institute instead of a University?**

Ans Sir its completely your choice. The benefit that you will get by doing your MBA from our institute is as follows:

1. You can save a lot of time as we give you the fast track option. From a university, you will have to invest a minimum of 2-3 years whereas from our institute you can finish the program anytime between 6 months to 2 years.
2. We update our study material every 6 months whereas the universities update the curriculum every 2-3 years. The curriculum for MBA (any management program) being a professional application based program, needs to be updated as every now and then a new management style emerges and the old one becomes redundant.
3. A University will give an option of 5-6 specializations but we offer you over 100 specializations

## **Q. 7) Do you provide a degree or a diploma?**

- Ans. 1. Sir management programs are professional courses and the question of a degree does not arise.
2. We have courses from diploma to doctorate level and we provide you with the certificates.
  3. The degrees can only be provided by the universities and since we are a self financed autonomous body, we cannot provide you with a degree.

## **Q. 8) But will this certificate be valid in govt jobs as I think they need the candidate to be a MBA from a AICTE approved university only?**

- Ans. 1. Sir I can assure you that this certificate will be valid anywhere as far as jobs are concerned.
2. If you allow me to send you a copy of our prospectus, you will find a list of people who have finished their program from our institute and many of them are in govt sector.
  3. For the past 5 years many of our students have applied for the govt job after our course and they have been selected.

## **Q. 9) Can I give the exams before 6 months?**

Ans. Yes sir you can, by paying the pre-examination fee of Rs.2000/- only.

## **Q. 10) Can I go for an extra specialization?**

Ans. Yes sir you can go for as many specializations as you want. You have to pay Rs. 5000/- extra per specialization.

## **Q. 11) After submitting my papers, in how many days would the results be declared and when will I get the certificates?**

Ans. After submitting your papers, you shall receive your certificates in 21 working days.

## **Q. 12) In how many days would I get my study material?**

Ans. After enrollment you will receive your study material in 15 working days.

## **Q. 13) How many specialization do you offer?**

Ans. We offer more than 100 specializations, hence we have a course for almost everyone.

**Q. 14) You said I can give my exams sitting at home. Doesn't that mean I can cheat and write my papers?**

Ans. 1. Sir as I told you the question papers that we send you are in the form of live and practical case studies and not the direct theoretical questions where you can open the book and copy. In case studies you have to present yourself in a given situation.

2. MBA is a application based program where our aim is to make sure that you handle the situations in your professional as well as personal life better. Generally also if you face a particular situation, where you do not know the solution, what do you do?

3. You consult your colleagues, your books, your friends and then you learn to handle that situation. In this case also if to answer the question if you are taking anybody's help, you are learning something.

4. Even IIM's, IIT's have started this unique examination style called Open Book Test system.

---

**Q. 15) What is MBA fast track ?**

Ans. Sir the program is for 2 years, however we give this facility to our students wherein they can finish the program any time between 6 month and 2-years.

Generally when you go for a regular MBA with 16-24 subjects the course structure is basically divided in 3 major parts (refer diagram on the next page). In the first part i.e. 1st Year, you get to revise the graduation studies and the basics of MBA. In the second part i.e. 2nd Year 1st half, you get to learn your 1st specialization and in the 3rd part, they cover your second specialization. This particular program that we offer is a single specialization MBA with 4 other subjects. So in a way what we are offering you is the 2nd year 2nd half of any regular MBA program because you already know the first 2 parts through you experience.

---

**Q. 16) I have never seen any of your Ads in the print media. Why?**

Ans. 1. Instead of giving the money for the ads in newspapers, we believe in using that money in helping another child.

---

**Q. 17) Is your MBA equivalent to a MBA from a university?**

Ans. If you are talking about the validity then it is equivalent. But in terms of the course curriculum I would say our MBA would be a little better as we update our curriculum every 6 months as compared to a universities 2-3 years.

---

**Q. 18) Where does your faculty come from?**

Ans. 1. Sir/Maam, we have faculty on the permanent as well as on the visiting basis. We have a team of World-class faculty associated with us, that includes faculties from IIMs, and from the major corporate houses as well. Our creative patterns thus enable our regular MBA students to obtain a minimum guaranteed package of Rs. 2.4 lacs or more. In the past our lots of students have reached this peak during their summer-internship, which is 6 months before completing the program.

2. We have common panel of faculties for our correspondence courses who set the question papers and correct the answer sheets as well, because we have given you the guarantee of 100% assistance in placement globally and we also do update our course curriculum on a regular basis.

3. To give you this placement we need to groom you to a certain level so that the companies give you a package hike of 25% to 30% or more, depends on your calibre and discretion of the Organization. And to groom you to that level we need to have the best international level faculty.

## TRACK RECORD

NIMT students have gained the necessary management skills from our courses and have been performing well in their respective fields and domains. No wonder the number of NIMT students is growing day by day. The working class professionals who take up our courses have always expressed their appreciation for our pedagogy and methodology which always provided the flexibility to complete management courses with ease. Our support and the education methodology ensured that the existing profile of our students doesn't get disturbed while they complete NIMT courses. After completing our courses these students elevate their and soar high in their professional lives.

### TESTIMONIALS

I completed my MBA (Operations) from NIMT in 2008. It has actually given me a platform to see my dreams coming true. Within a span of two months of completion of the course. I got a new job offer as a manager and several other companies are trying to approach me for a desired profile. Thank You.

Aditya Oberio, Mayour Enterprises, CEO

The time, knowledge and cooperation utilized from the Institute and staff members while pursuing Professional Doctorate in Management (PDM) is worth a life time achievement.

Noah Singh, from Mumbai

Sometimes words are not sufficient and adequate to express ones gratitude. There is a feeling of warmth and sheer closeness with the Institute which can never get detached during lifetime.

Rajiv Bhatia, Bhatia & Sons

I express my sincere thanks, whole hearted support and wishes for all time ahead to NIMT.

Gurpreet Singh, Perfect Enterprises

I am a recent student of MBA from NIMT and I found the program well managed and extremely flexible. Course materials are continuously improved and are designed with the remote student in mind.

Shreya Kapoor, IICS Hospital

Distance learning has allowed me to balance both my professional and my family commitments. I was able to access course materials regardless of my location and the online student forum (E-Communities) is well designed and administered by the course tutors. The "Virtual Classroom" is particularly useful for those wanting to participate in discussions that delve deeper into the subject matter.

Karan Malhotra ALS Group

My participation in the MBA (Hospital Administration) has made me a more effective Director and has supported my contribution to my organization's strategies and development. I was able to select units that suited my professional development needs and the course materials covered a range of topics that complemented my on-the job learning. I have gained a greater appreciation of how other professions operate and also developed a better understanding of the constraints which organizations face.

A. Subarmaniyam

I am delighted to have completed the MBA (Hospital Administration) with NIMT. I had been searching for the right program for a number of years, and now that I have completed the course there is a void in my life.

Anuj Kumar Area Sales Manager Fullerton India

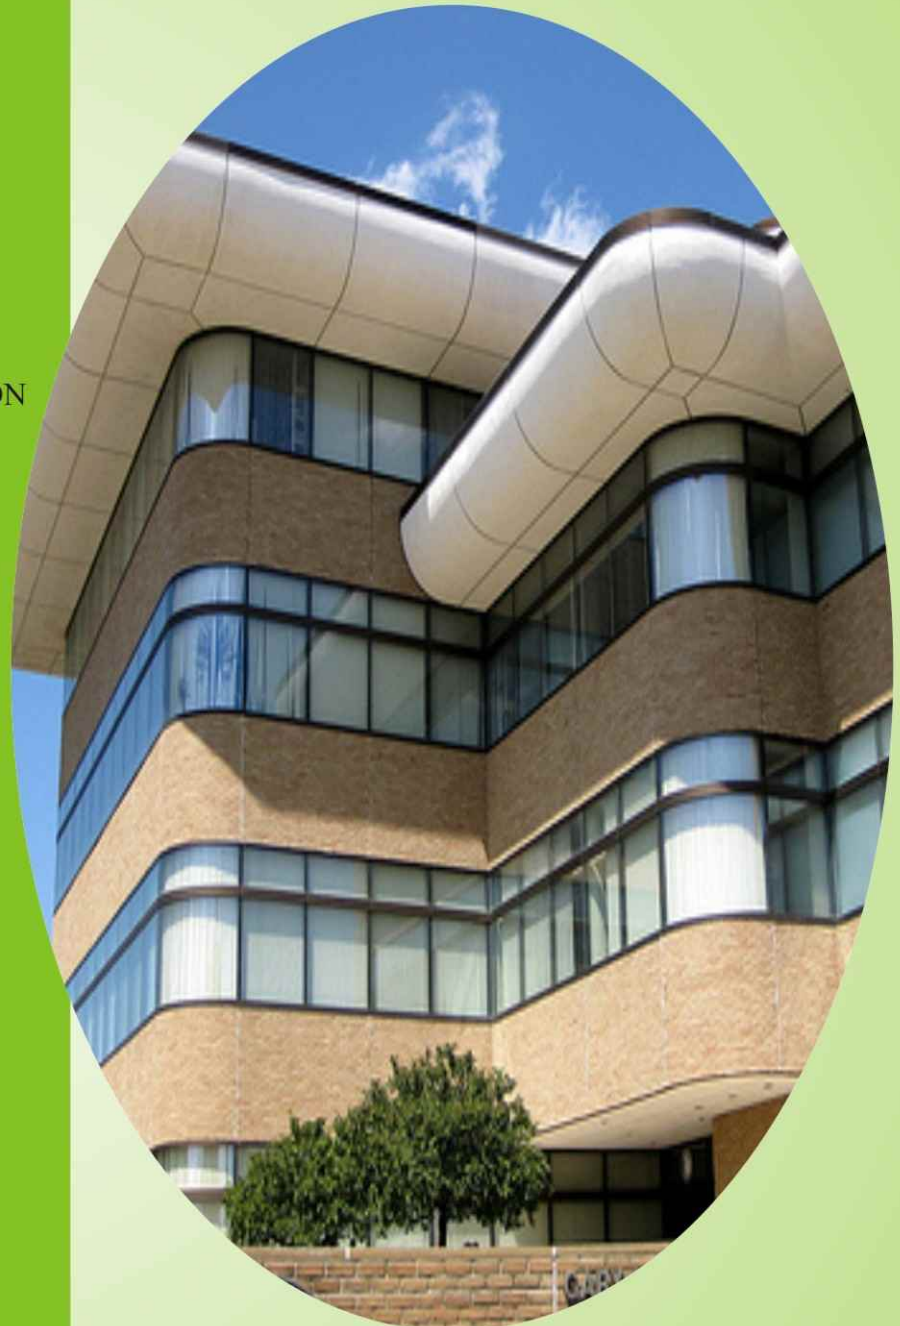

I recommend NIMT on the quality of the learning materials and on the people and resources that administer this program.
